

District Five Accreditation

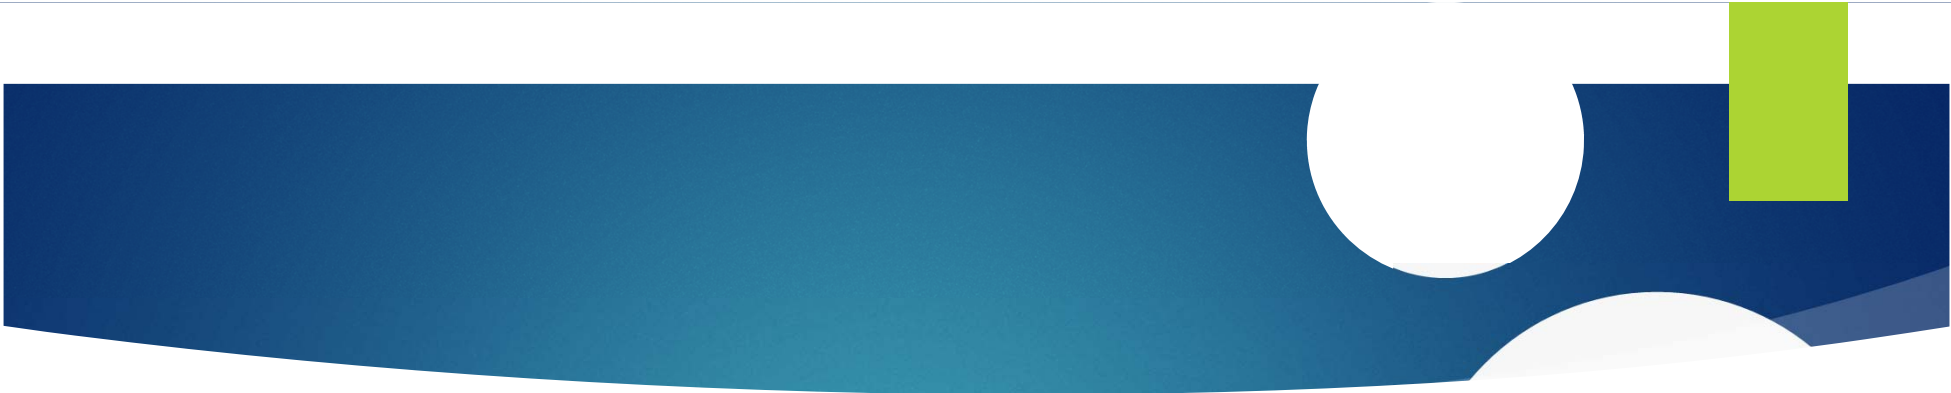

2017-18

Three Main Areas of Concern

- ▶ Comprehensive Health Education
- ▶ Teachers teaching outside of certification
- ▶ Credit-bearing courses at the high school

Comprehensive Health

- ▶ We have been working on a solution, adding requested information
- ▶ FOIA filed for exemplars
- ▶ For 2018, it was noted that evidence was made available
- ▶ Summer 2018
 - ▶ Team will convene in June (science teachers, PE teachers, counselors at all levels)
 - ▶ Create a steering document that shows each standard, who is responsible for teaching it, time involved, etc.
 - ▶ Will submit to SDE upon completion for review and feedback – prior to deadlines

Standards	Topics and Themes	Delivery	Grade Level	Time	Week
I - Comprehend concepts related to health promotion					
	Health Care Professionals	Classroom Guidance Lesson	5	25 minutes	3
	Healthy Behavior Functions	PE - Fitnessgram/Spark	5	35 minutes	5
	Major Organ Functions	PE - Fitnessgram/Spark	5	20 minutes	6
	Body systems	PE - Fitnessgram/Spark	5	40 minutes	9
	Types of Disease and Prevention	PE - Fitnessgram/Spark	5	40 minutes	11

Teacher certification

- ▶ Guidance manual that matches subjects and courses with certification areas
- ▶ Blurry areas:
 - ▶ Elementary/Intermediate
 - ▶ Special Education
 - ▶ High School Social Studies
- ▶ New process in place to extract all courses and teachers by school and grade once schedules are made to verify that we have people in the correct spots
- ▶ Principals have been reminded as they shuffle teachers and make new hiring recommendations that they ASK in advance if there are any questions regarding certification

Course numbers

- ▶ Each course CIP code can only appear once on a transcript
- ▶ Issues in elective areas with a large number of courses or courses that students take multiple times
 - ▶ 353010CW is used for Concert Band I (Fall)
 - ▶ 353001CW is used for Symphonic Band I (Spring)
 - ▶ Students who take this combination of band classes as a freshman would have two instances of '3530'
- ▶ Solution:
 - ▶ We are working with teachers and the high school to create a series of Local Board Approved Courses that will allow us to have independent numbers for each course (June approval)
