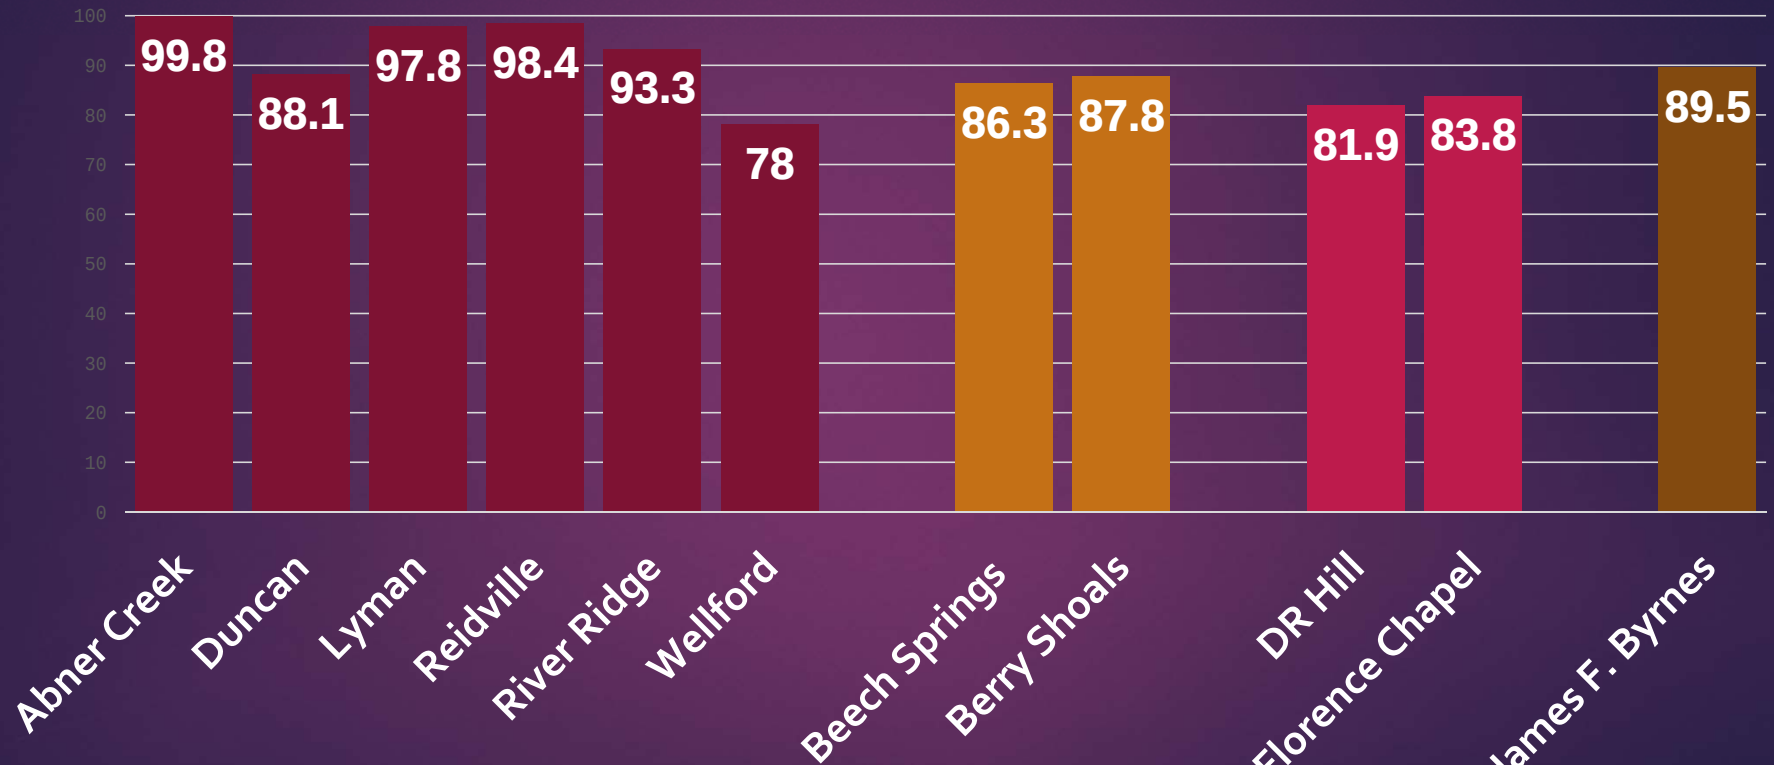
# Federal and State Accountability

2013-14 SCHOOL YEAR

# ESEA Waiver Performance



# State Report Ratings - Absolute

# State Report Ratings - Growth

# Comparison points

- In-depth analysis at the school level with principals and staff
- Values shown are for all students – instructional power is at the individual and subgroup level
- ESEA – uses a growing target (AMO) and identifies subgroups
- SC Report Card – uses constant value for met and only measures all students together
- SC Report Card will be information only for the next two years
- Legislation specifies one accountability system
